Dear Bob:

Some time ago, we met with Lee Sims, Kirk Forbush and Terry Monroe concerning a question raised by Gunnison-Fayette Canal Company regarding the priority of various rights to the flow of the Sanpitch River below the Gunnison Reservoir.

As a result of our meeting, it was agreed that your office would furnish its analysis of the question to us by the end of October. In the meantime, we asked the law firm of Olsen, McIff & Chamberlain to complete the same analysis.

We have not received any further contact or information from your office and accordingly have determined to share with you the analysis prepared by the Company's attorneys. We enclose a copy herewith and have also forwarded a copy to Lee Sims and Kirk Forbush.

After you have had an opportunity to thoroughly review this material, we would be pleased to meet again.

Sincerely,

GUNNISON IRRIGATION COMPANY
